<b>ADDITIONAL COMMENTS:</b> There are five boys in the home. When I arrived the boys had just gotten back from a hike. Some were gathered in the living room, one was in the ante room in the kitchen with a blanket hanging out. Charles was cooking dinner. The home is clean, lived in and homey without being antiseptic. I inspected inside and out. The wrench was attached to the meter. The reserve water system is working well.			
<b>YOUTH INTERVIEW(S)</b> <b># Of Youth Interviewed:</b> I spoke with one youth who had just moved from another Greenacres home to this one. He preferred this one. Very happy with the change. He said he is fitting in fine.			
<b>INSPECTION SUMMARY:</b> This home is casual and comfortable. The staff worked together as a team. At a recent fire drill with all of the houses they finished first. They were proud they were the youngest and did the best.			

**Next Inspection Recommended: Annual Inspection**
